

Simpele PXE/tftp boot files om mee te testen

```
yum install syslinux
```

```
cp -r /usr/share/syslinux/* /var/lib/tftpboot
```

```
mkdir /var/lib/tftpboot/pxelinux.cfg
```

```
touch /var/lib/tftpboot/pxelinux.cfg/default
```

```
vi /var/lib/tftpboot/pxelinux.cfg/default
```

en zet hier in:
